

Top Neurons (preparation for JEE & NEET)

For Free preparation for admission in Top Engineering, Medical, Science institutes of India like IISC, IIT, NIT, AIIMS

Objective:

An innovative program “Top Neurons” has been started in July 2020, by Pratham Shiksha Charitable Trust for talented students who are from economically weaker section. The objective of this program is to provide equal opportunities of higher education to talented economically weaker students like other students who cannot afford necessary expenses for preparation of entrance examinations for Top Science, Technology, Medical Institutes of the country.

Program Description:

This program is only for those students who has passed class 10th in the current academic year from any state of India, who want to enter the Top Science, Engineering, Medical Colleges of the country but due to financial problem they are unable to do so. Through this “Top Neurons” program they will get all the necessary facilities as follows:

- Students who will be selected in Top Neurons program will be provided 100% free coaching facility from top coaching institutes of India.
- The coaching classes will be provided in person only in Jaipur, Rajasthan.
- Books and study material will be provided free of cost by the coaching institute and trust.
- Free P.G. Accommodation in Jaipur will be provided to all selected students.
- The student will take admission in a school in Jaipur. Top Neurons will cover approximately 66% of the school fees, and the student will be required to pay only a nominal amount.
- Various programs will be organized under the program for continuous guidance to the selected students so that they can achieve their goals with enthusiasm and confidence and in future identify themselves as responsible citizens of the country.
- Top Neurons students who will be selected in the Top Institute, but they are unable to pay the institute fees, then they will be helped by Trust.
